UP DOWNS

UD110

The Lumux UD1000 is a precision engineered architectural LED wall mounted cylinder offering direct and indirect light from a single cylinder in diecast aluminum with no visible hardware in a sleek, symmetrical design. Multiple lighting configurations can be specified – up or down only, or up & down – making it a versatile product for a wide range of applications. The fixture is constructed with the highest quality of specification grade materials and component parts, while a shielded light source enhances visual comfort.

Housing: Heavy-duty construction of one-piece, corrosion resistant, low-copper (<1% copper) die-cast aluminum. Step baffle frame encloses lens that is secured with vandal resistant, stainless-steel screws.

Lens: 1/8" thick shatter proof clear glass diffuser

Mounting: Surface mounted

Installation: Unit's back plate is 5.0"x 7 1/2" (Width x Length), will cover any standard J-Box.

Finish: Zinc polyester powder coat finish in black, white, silver, bronze, or any custom RAL color.

Driver: Constant current and universal input voltage 120/277V, starting temperature rated at -20°F. Dimmable option available (0-10v).

Gasket: Closed cell silicon foam gasket that seals out moisture, dust, and insects for weather tight operation.

Protection Class: IP65, ETL Listed for wet locations

Wattage: 18.4W

Color Temperature: 2700K / 3000K / 3500K / 4000K
