

LUMUX

FLOOD LIGHTS

LLF800-2

The Lumux LLF800-2 is a precision engineered, heavy duty architectural LED flood light. It is a wall recessed luminaire with a fully shielded light source for low-level lighting applications. Constructed from low-copper aluminum diecast, this fixture features a clear tempered glass diffuser and a baffled body to reduce glare and enhance visual comfort. It is constructed from the highest quality of specification grade materials and component parts and is energy efficient for long-lasting applications. All hardware is vandal resistant stainless-steel, and it is ADA compliant.

Housing: Heavy-duty construction of one-piece, corrosion resistant, low-copper diecast aluminum. Enclosed lens secured with vandal resistant, stainless-steel screws.

Lens: 1/8" thick shatter proof clear glass diffuser, anodized aluminum reflector

Mounting: Recessed

Installation: Unit comes with its own concrete pour box and installs into any surface

Finish: Zinc polyester powder coat finish in black, white, silver, bronze, or any custom RAL color.

Driver: Constant current and universal input voltage 120/277V, starting temperature rated at -20°F. Dimmable option available (0-10v).

Gasket: Closed cell silicon foam gasket that seals out moisture, dust, and insects for weather tight operation.

Protection Class: IP65, ETL Listed for wet locations

Wattage: 19.4W

Color Temperature: 2700K / 3000K / 3500K / 4000K

Delivered Lumens:

2700K	3000K	3500K	4000K
